Railroads Sustained

WASHINGTON, December 7.—(By the Associated Press)—Railroads are justified in refusing to pay damages for jewelry that is lost or stolen from the baggage of travelers, the interstate commerce commission held today, and Mrs. E. Berkley Jones, of Kirkwood, Mo., lost a claim of \$250 which she made against the Missouri-Pacific.

Mrs. Jones raised the question of the legal right of railroads to make such a rule after she lost \$250 worth of jewelry from her trunk while traveling. In checking her trunk, Mrs. Jones declared that it contained articles valued at \$500 and paid extra charges for its shipment, but the railroad refused to pay the loss. The commission held that all railroads had in effect a regulation refusing to accept responsibility for money, jewelry and negotiable papers when enclosed in baggage and that this rule was reasonable.

A HOME without music of some kind is a pretty forlorn sort of place these days of peppy fox-trots, of new and popular song hits. And what a parody on home, home is, without music at Christmas—the big, joyous, happy time of the year, when it's as easy to hum or sing or whistle as it is to think. "So this year instead of wondering, 'What will I give them for Christmas?' just say to yourself, 'I'll give 'em a year-round gift—an all-year source of sunshine and happiness—a Columbia Grafonola.'"

First—Buy a Columbia for the educational value of music in the home—valuable to the youngsters and to the older folks.

Second—Buy a Columbia for the purity of its voice, its perfection of reproduction, its decorative beauty. Buy it because it has ten remarkable points of superiority that put it at the top of the list of worth-while phonographs made to-day.

You can't begin to estimate the joy and happiness a Columbia will give your folks every day in the year. You won't hesitate when we tell you **Columbia Prices Have Hit Bottom.**

See the Columbia Dealer in your vicinity to-day and get the facts—prices and terms—you'll be surprised and pleased at the opportunity he will offer you to own the most improved phonograph at a cost you easily can afford.

Staten, who was a star halfback on the football team that stands at the head of the Ohio Conference this year, probably secured the national championship for long distance runs for a touchdown when he travelled 105 yards through one of the best conference teams several weeks ago. He is a junior this year and came close to making his letter in basketball last season. Four of the regulars of that crack five have graduated and Staten is expected to make one of the guard positions.

COUNCIL PASSES LEGISLATION TO RESURFACE GALLIA, SECOND AND ELEVENTH STREETS

Work To Be Started In The Spring; Authorize \$100,000 Bond Issue For Sewer

The necessary preliminary legislation to provide for the resurfacing of Gallia, Second and Eleventh streets with asphalt, or other bituminous material was passed by City Council by a unanimous vote at its regular meeting Wednesday night.

The resolutions declaring it necessary to proceed with the improvement of the three streets were presented by Member Westphal, chairman of the street committee, and the old legislation, which resulted in a long drawn out squabble, was repealed. The only change is that the new legislation in respect to the improvement of Gallia street shortens the lines of the resurfacing on that

street from the west side of Waller street to the alley just west of the Security bank. This cuts about \$3,000 from the estimated cost, it was stated. The improvement of the three thoroughfares will be made on the assessment plan as originally planned and it is hoped to start the work in the early spring.

A Busy Session
President Albert Westphal presided over the meeting and the entire membership was present except Judge Osborn, who was reported as being detained at home wrestling with a cold. The session was a rather busy one, lasting nearly three hours but

nothing occurred to mar the usual routine. A number of articles of legislation were passed during the evening and legislation was ordered on motion of Member Westphal to authorize a bond issue of \$100,000 to pay the cost of constructing the Lawson Run sanitary sewer, according to plan Alternative A approved by the state department of health. If this plan is followed it means that the small sewer will be built.

Resolutions were adopted authorizing the issuing of certificates of indebtedness in the sums of \$5,000 and \$8,000 to provide funds for current

expenses of the Safety and Service Departments in anticipation of the usual advance draw of taxes from the county treasurer late this month.

To Pave Argonne Road
An ordinance was passed granting Edward Ricker, James W. Bannan, Thomas DuPuy and Ralph Calvert the right to pave Argonne Road from Chillicothe street, 500 feet west of their own expense, but under the supervision of the city engineer, and the sum of \$1254.40 was appropriated to install water mains in the street before the improvement is made. Attorney S. A. Skelton, who presented the petition, stated that the owners desired to improve the property, the Irene Huston land, by erecting a number of houses there.

An ordinance presented by Attorney Skelton was passed granting to the Security Bank the right to construct a stairway three feet wide leading into the basement of their building, in the alley between Gallia and Sixth streets. Attorney Skelton stated that the bank desired to utilize the room for business purposes and the ordinance provides that guard rails shall be constructed around the opening and the city is protected by reason of the obstruction. Mr. Diener objected to the measure and cast the only dissenting vote against it. He pointed out that council had refused to grant the application of the owner of the building on the other side of the alley to build a stairway not many months ago.

City Engineer Wilhelm called attention in a communication that a garage building belonging to Fannie L. Bevis at Mound and Grant street encroaches on the street several feet and sought an order to remove the building. The communication was referred to Service Director Gergens for action.

To Move House
After a lengthy discussion A. Schapiro was granted permission to remove a house which he recently bought from the Board of Education, from 705 Waller street to 1219 Second street. He assured council that it would not be necessary to destroy any shade trees in order to move the dwelling. Then legislation was ordered to prohibit further house moving because of the resulting damage to streets not having a concrete base.

The firm of Pearce, Greeley and Hanson, Chicago, sanitary engineers, were ordered paid the sum of \$2870 on account for services in connection with the sanitary survey and preparing of sewerage plans.

An estimate of \$3000 was received on the cost of paving an alley near Robinson avenue and Eleventh street and the matter was tabled and referred to the street committee in reference to securing a right of way for a sanitary sewer.

The sum of \$275 was voted to pay the cost of restoring a sidewalk in front of The Portsmouth Refrigerator company on Gallia street, torn up by the water works department while making repairs there.

Crossing Cost \$3,000
The sum of \$3,000 was appropriated to pay the cost of improving the Chillicothe underground crossing and \$85 was voted to pay the expense of grading an alley in the vicinity of Seventh and Broadway.

A resolution was adopted requiring the construction of a sidewalk at

the southwest corner of Second and Market streets and \$140 was voted to improve a bad drainage condition on Grandview avenue, near Twentieth street. The sum of \$200 was voted to pay the expense of making repairs to the steel ladders leading to the wells at the water works.

A motion offered by Mr. Diener was passed designating Mayor Gableman, Dr. O. D. Tatle and Judge Osborn or Solicitor Johnson as members of a delegation to represent the city at the special meeting of the Public Health Council, Department of Health, Columbus, on Friday, in reference to the advisability of adopting an order requiring the city to correct and prevent the pollution of Lawson Run. The city will pay the expenses of the delegates.

The engineer was directed to prepare a map of the city showing the districts for sewerage construction assessments in conformity with plans prepared by Pearce, Greeley and Hanson, sanitary engineers, providing for five districts, namely, Scioto, Ohio, Lawson Run, North Moreland and Sciotoville.

Improvements Held Up
Inquiry by Mr. Diener concerning the status of the lower river grade improvements elicited the information that the awarding of contracts on this as well as many other improvements had been held up until next spring, Mayor Gableman stating that in his opinion it was not good policy to award contracts for public improvements to be done in the winter season and declared it would be a good move to reject all bids and advertise in the spring as the city stands to obtain better prices. He urged council to prepare its improvement program in the winter so that work can be done the following summer instead of waiting until spring to start legislation for improvements which throws the letting of contracts into the winter months. He explained that many of the proposed improvements had been held up because the city's proposition of the cost had not been provided for and on motion of Mr. Westphal the auditor and finance committee and bring in the necessary legislation.

Director Gergens stated that he had been advised that Kelley Bros. had made a mistake in their bid on the lower river grade work and had asked for permission to withdraw their bid as they stood to lose \$1,000, but Mayor Gableman stated that the contractors were ready to do the work and had not asked to withdraw their bid so far as he knew. He reiterated his former statement that the work had been held up because the city was liable to get a bad job if the work was done during cold weather.

Director Gergens conferred with Kelley Bros. today and they assured him that the work would be started in the spring and that they would fulfill their contract.

Mrs. Charles Whitney of Troy Tells
How To Quickly Reduce High
Blood Pressure

"I have suffered from high blood pressure since last July with a pressure of 235. I would have those severe headaches that come with high blood pressure, such as dull throbbing pain and ringing in my ears. I had terrible dizzy spells, at times so bad that I would have to grab hold of something to keep from falling. I would become very weak and often I would faint away. Finally, I became nervous and could not sleep nights. I heard of NORMA and decided to give it a trial and I'm certainly glad I did. Why you know the first day my pressure went down five degrees and I slept fine, getting a good night's rest. These dizzy spells have left and I haven't had a weak or fainting spell since the first few days. To be rid of those headaches, NORMA is worth a fortune for they were torture. I can recommend NORMA to anyone suffering from high blood pressure. Mrs. Charles Whitney, Troy, N. Y., Feb. 25, 1922.

house is a two story frame owned by John Richard of Pine Creek.

The fire, of unknown origin, started in a pantry on the second floor, where rooms were rented out for light housekeeping. The fire had a good start and soon found its way through the ceiling and into the attic. The New Boston firemen assisted by the firemen from the East End engine company had a hard job extinguishing the flames under the roof. Water from several lines of hose was poured into the attic and it leaked through to the rooms below damaging considerable furniture.

You Can Now Try This Newer Form Of Iron At My Expense

I First Compounded This Remarkable Remedy For My Own Neighbors And Their Praise Of It Has Spread So Rapidly That Now Over Four Million People Use It Annually—Read My Unusual Offer Below.

Years ago I began to wonder at the great number of my own friends and neighbors who were complaining of weakness, nervousness, and run-down. One had pains in the back and thought he had kidney trouble. Another had pains around the heart, palpitations and dizziness, and was sure he was suffering from heart disease. Still others had severe headaches, floating spots before the eyes, tender spots along the spine and a great variety of alarming symptoms.

For years I made a special study of this condition, consulting a great number of physicians and chemists. An immense number of investigations by physicians all over the country showed that three people out of every four

meet lack 100% iron in their blood. Lack of iron in the blood is the greatest of all debilitating weaknesses. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron, nothing you eat does you any good. Your heart, lungs and kidneys and all your vital organs get their nourishment from the blood stream, and when the blood lacks iron and is thin, pale and watery, you may suffer from the symptoms of a great number of diseases when the real and true cause of all your trouble is a lack of iron in the blood.

In the old days people often took metallic iron, which some physicians claim is not absorbed at all. In compounding this newer form of iron which I call Nuxated Iron, I employed a special form of iron, which is like the iron in your blood and, like the iron in spinach, lentils and apples. Unlike the older forms of iron, it will not injure the teeth nor disturb the stomach, and it is ready for almost immediate absorption and assimilation by the blood. It is the people whose blood is rich in iron who possess great strength, force and energy. If you are not strong or well you owe it to yourself to make the following test:

Tanks To Close Sea son With Lockland

IRONTON, Dec. 7.—The Ironton Tanks will renew their practice sessions vigorously this week to get in condition for their game with Lockland on Dec. 17th, which is to round out their gridiron year. The Lockland club has played Christ Church's special eleven two games for the city championship, and tied

both of them. That makes them a good attraction here and assures the mighty Tankers of a battle which they have not had before.

The Huntington club is after a game with the Tanks, and a number of the Big Red folks want to play in the West Virginia metropolis again next Sunday, but there is some dissenting opinion.

THEATRICAL

"Way Down East" Now Playing at The Sun

For the last half of the current week the Jack Ball Stock Company is presenting a big revival of Lotie Blair Parker's famous play, "Way Down East." The production is being given an elaborate presentation by the local company. "Way Down East" has for nineteen years been presented before the American public and still it lives with just as much popularity as when it was first shown. Last year D. W. Griffith realized what a wonderful picture it would make and sent many companies touring the United States, with a phenomenal success. Upon this the stock organization revived the play with unprecedented success and "Way Down East" has poked theaters everywhere it has been played. The story is of the "down east" folk, their ways and customs. Every character so familiar to the book appears in the play. Seats are now selling for all evening performance. A bargain program is given today and also again Saturday at 2:30 p. m.

Next Monday brings to Portsmouth the Earl Carroll, New York hit, "Jim's Girl."

Vigor and Strength.

"Believing I owe you a testimonial I will tell you and to the world that I have benefited beyond expectations by your wonderful D. R. U. E. S. E. N. - K. R. A. F. T. (YOUTH Gland) tablets. Many years ago I lost my strength and couldn't climb or do a man's work, had dizzy spells and couldn't raise my feet. I took every possible medicine and was sometimes temporarily stimulated but felt more exhausted later. Finally my doctor advised me to take the new DRUESEN-KRAFT tablets and I ordered from Pearson Drug Co. store No. 1. By the fifth week there was such great improvement, I could climb two flights of stairs. After eight weeks my feet were as nimble as ever, strength and vitality returned and I started in business. It has been many months since I started on DRUESEN-KRAFT, and as you see from my photo I am as well as a boy, eat and sleep well without an ache or pain. I have lived here 20 years, am a prominent 'Hoosier' and can get hundreds of signatures to verify this. Shall gladly answer any inquiries." (Signed) J. A. Andrew.

Verdict For Defendant

It required less than twenty minutes for a jury in Common Pleas court Wednesday afternoon to return a verdict in the case of John J. Shepard, 2770 Ninth street, who is charged with the murder of a woman named Mary, who was killed on the night of April 1, 1922, as he was walking across Third street, near Gay and he was found for \$400 damages for his injuries. He alleged negligence, claiming that the accident was due to careless driving by the defendant, who contended that the plaintiff was at fault and, at least, contributed to his own injury by suddenly stepping directly into the path of the machine. The jury by its finding evidently accepted the defendant's view of the case.

Attorney Sheppard Johnson and E. G. Miller for plaintiff and Attorney E. F. Kumble for defendant.

Smith To Be Tried Friday

Albert Smith, young man arrested in Colorado two months ago and returned here on an indictment charging burglary of the Wolff clothing store on Chillicothe street in May, 1921, will be brought to trial before Judge Thomas and a jury in Common Pleas court Friday morning.

Glen Cutlip, West End young man, now serving time in the Mansfield Reformatory for complicity in the burglary, will be returned here to testify in the case. He is expected to be the principal witness for the state. The accused will be defended by Attorney H. L. Small.

Filed For Probate

The will of William G. Fischback, former C. & W. conductor, who was found dead, as he lay in his rooming house in East Portsmouth recently, was filed for probate Thursday.

Findings for Plaintiff

When the case of S. A. Stewart against C. F. Dutil of South Webster was called for trial in Common Pleas court Thursday morning both sides waived trial by jury and the case was submitted to Judge Thomas, who after hearing the evidence made a finding in favor of the plaintiff in the sum of \$3.50 and costs.

Stewart brought suit on an account of \$48.25 for auto supplies claimed to have been furnished another party on the defendant's guarantee and Dutil disputed the account on the ground that he did not stand good for but one item of \$3.50.

Home-made Remedy

Stops Coughs Quickly

The best cough medicine you ever used. A family remedy that is quick and sure. Saves about \$2.

You might be surprised to know that the best thing you can use for really bad cough is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup. If desired, thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly stops the inflamed membranes that cause the cough and soothes the throat, stops the annoying throat tickle, loosens the phlegm, and soothes your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for healing the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Panex Co., Ft. NOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Bressi Tea at any pharmacy. Take a tablespoonful of this Hamburg tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoonful at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

After hearing their stories the court ordered Wallace to stay away from his home until their property rights are determined and he was urged to seek relief in Common Pleas court through divorce proceedings.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—I am a married woman and the mother of three children. I have a husband that is good to work and he provides well for his family, but he does not want myself and the children to have any privacy. He wants to have them all together. If I go anywhere I am afraid to speak to a man or he will accuse me of running after them. He speaks to every woman he sees and even flirts with any who will flirt with him. He has gone with other women and gotten into several mix-ups, but of course that is perfectly all right. Dolly, I have put up with all of this and try to teach the children to love him in spite of all this. Dolly, I have to keep right at his heels to make him treat me half decent, and still he will go for days without speaking to me at all. I am a good mother and I stay at home and work. If he takes us anywhere

he watches me like a hawk for fear I will bat my eyes once too often and some man might see me. Then when we come home he will say all kinds of mean things to me, and say I am trying to vamp the men. Dolly please tell me what to do with a man like this.

I would tell him if he did not quit heckling me I would use the rolling pin on him. There is no excuse for a man acting like that. He is trying to get something on you, to minimize his own faults, or using that as an excuse to get by with what he is doing. However, if he is a good provider and works all the time that is some consolation, as he is not around very much, and you and the children can have a good time while he is at work.

Dear Dolly—I want to go to Cincinnati for the holidays and as I don't travel much I want you to tell me what to wear. I have a short plush coat and a coat suit trimmed in fur and I would like to know what one I should wear. Would black or dark be all right to wear.

SLIM.
If I were you I would wear the coat suit and carry the coat. Then you could wear the coat with your one-piece dresses while there. Oxford will be all right, but I think you should have a pair of Russian boots or goulashes for stormy weather, as it is usually much colder in Cincinnati than it is here.

Dear Dolly—I am coming to you for help. Dolly, I am recovering from a serious surgical operation but I am still unable to do any work, except to sew or do fancy work, such as crocheting and piecing quilts, etc. My husband is out of work and I would like to get something to do so I could earn a little money to help clothe my children. They need dresses and coats, and we owe a big hospital bill, and we can't pay it when my husband is out of work. Dolly if there is any one in your town who has old scraps of gingham or any other scraps that could be used for quilt pieces I would appreciate it if they would send them to me, and perhaps if they would send them to you, you could parcel post them to me, as I live about twenty-five miles from Portsmouth in Scioto county. I can also do plain sewing, such as making house dresses, aprons, etc.

MRS. R. E. H.

I have this woman's name and address and will give it to any who inquire for it.

Dear Dolly—Will you please tell me how old one has to be to join the Red Cross to be a nurse. What grade in school would you have to be in, and where would one apply to be a Red Cross nurse. Dolly, am I too young to keep steady company with the boys? Dolly, do you believe in fortune telling? I have no home and I certainly would love to be a nurse. Dolly, I am willing to take your advice. F. S. M.
You will have to learn to be a nurse first, and you can get into Red Cross work later. Applicants must be over 18 years of age and have had one year of high school work or its equivalent, before they can enter a nurse's training school. You might enter one of the three local hospitals or go to any other city that you would like to locate in. Just write to the superintendent of nurses of the hospital you would like to enter for an application blank and you will find all the rules and regulations printed thereon. Since you did not mention your age, I can not give you any advice about keeping company. I do not believe in fortune telling.

Dear Dolly—I wish you would publish Arthur M. Van Rensselaer's address. I would like to write to him in regard to the auto he recently invented for legless men. N. Y.
I do not know his street address but since he belongs to a prominent New York family, I imagine he would receive a letter addressed to him, New York City.

WANT TO KNOW—If you love one girl, and she is the "apple of your eye," why tantalize her by going with some one you do not care for? You say you are not joking, but I'll bet you a stick of chewing gum that you would be jealous if your best girl was going out with some other man. If you are fooling both girls, I think the best thing you can do is to make your choice, and give some one else a chance.

TO THE GIRL WHO WROTE ABOUT A HOME—If you will send me your name and address I will publish your letter. I will not print your name in the paper, but must have it in case anyone answers your letter after I print it.

CRANBERRY TARTS

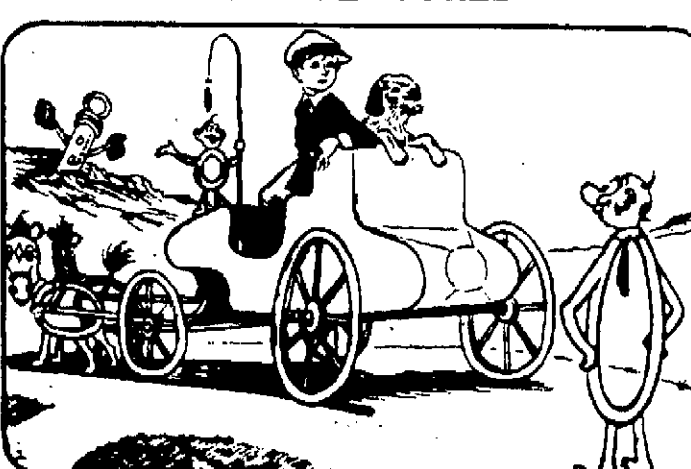

By Bertha E. Shapleigh
Of Columbia University

LINE individual tins or party pans with a good pie crust, fill with cranberry filling, and over the top place narrow pieces of crust lattice fashion. Bake in a fairly hot oven until crust is cooked and slightly browned. Or do not put strips of crust on top, but when the tarts are served, place a spoonful of sweetened, flavored and beaten cream on top of each tart.

CRANBERRY FILLING

Boil together for five minutes 1 cup sugar, 2 tablespoons corn starch and 1-2 cup water. Add 1-4 cup molasses, 1-4 teaspoon salt, and 2 cups cranberries. Cook 15 minutes, then stir in 1 tablespoon butter.

Adventures Of The Twins

BY OLIVE ROBERTS BARTON

MARTY MINK wrote to the Green Wizard for a magical piano.
"I do get so sick," said he, "of hurrying home to school to do my practicing. Would you kindly send me a magical piano so that when I touch it, it will play itself?"
The Green Wizard felt sorry for Marty and made him a nice little piano exactly like his old one, only that it had magical white keys and magical black keys that played anything you wished. When it was finished the Twins delivered it and took the old one away.
As Mrs. Mink was out marketing, she never knew the difference.
"Would she be surprised when she hears Marty playing so well?" laughed Nancy.
But what do you think? In less than a week the Green Wizard had another letter from Marty.
"Fiddlesticks!" went the letter. "Ma says I've learned to play the piano perfectly now and she's bought me a fiddle. It's harder to learn than the other. Do you hap-

FILE SUITS TO CONTEST DEMOCRATIC ELECTION IN PIKE CO.

Many Allegations Are Made By Silcott And Harkins, Contestants

(Special to Times)
WAVERLY, O., Dec. 7.—An echo of the claims of alleged frauds in the election came in Common Pleas court here Wednesday afternoon when Frank Silcott and John Harkins filed suits to contest the election of the candidates on the Democratic county ticket that were successful on the face of the returns. Including William Cline, clerk of courts-elect; William Anderson, sheriff-elect; Carl W. Penn, auditor-elect; A. A. Brown, Commissioner-elect; V. L. McCoy, surveyor-elect; George D. Nye, prosecutor-elect; Dan J. Wilson, corner-elect and Robert S. Wynn, representative-elect. The contest, in respect to Wynn was instituted by his unsuccessful Republican opponent Harry Foster.

Filed By Blair and Blair
The contests were filed through Attorneys Blair and Blair, of Portsmouth and in the petitions the contestants make various allegations of fraud, declaring "that illegal votes were counted in each of the precincts and townships of Pike county by persons who did not possess the qualifications of legal voters, at the election by reason of being alleged minors, idiots, imbeciles, insane and unparoled persons sentenced in the penitentiary and other penal institutions of Ohio under conviction of felony, committed in this state, and persons who were non-residents in the townships and precincts at the time they so voted."

Of the two men in whose names the contests were brought, Silcott lives at Piketon and Harkins resides at Waverly.

The proceedings are the aftermath of the alleged "Absent Voters' Ballot" pre-election scandal which resulted in several arrests of Democratic workers of Pike county in Scioto and Ross counties in connection with the alleged frauds, but these criminal proceedings have not been pressed to final conclusion.

Want Ballots Thrown Out
A squabble arose in the county election board following the election over the counting of some three or four hundred "Absent Ballots" and the dispute was only settled on appeal to the Secretary of State who ordered the ballots counted and preserved in the event of the filing of contests. The counting of these disputed ballots, it is claimed, elected practically every candidate on the Democratic county ticket. The petitioners now seek to have these disputed ballots thrown out.

Notice was given today that depositions in behalf of the contestants will be taken in the Court house at Waverly before Magistrate Ezekiel B. East and Samuel H. Cutler on December 22.

Substantially the same allegations are contained in the complaints filed in all cases, copies of which were served on the defendants.

Below is given in full the notice served on one of the defendants: Waverly, Ohio.

Wednesday, Dec. 6, 1922.
TO DAN J. WILSON:
You are hereby notified that the undersigned, Frank Silcott and John Harkins, now are and on the 7th day of November, 1922, were, electors in and for Pike County, State of Ohio, at the general election for State and County officers held on the said 7th day of November, 1922, in said Pike County, Ohio, at which

election you and John W. Byron were candidates for the office of Coroner of Pike County, Ohio, for which you were by the Board of Deputy State Supervisors of Elections of Pike County, Ohio, declared elected.

The undersigned Frank Silcott and John Harkins further notify you that they contest your election to said office and have filed notices of appeal therefrom with the clerk of the Court of Common Pleas of said Pike County, Ohio, on the following grounds, to-wit:

FIRST: In each and every of the following townships and precincts in said Pike County, Ohio, to-wit:

Beaver Township
Beaver Corporation Precinct
Benton Township
Camp Creek Township
Jackson Township, East Precinct
Jackson Township, West Precinct
Marion Township
Mifflin Township
Newtown Township
Pebble Township
Pee Pee Township
Waverly Corporation, East Precinct
Waverly Corporation, West Precinct

Perly Township
Scioto Township
Seal Township
Pike County Corporation Precinct
Sunfish Township
Union Township

there were cast and counted and declared as aforesaid in favor of said Dan J. Wilson for the office of Coroner of Pike County, Ohio, to-wit: One Hundred illegal votes in each of said Townships and Precincts of said Pike County, Ohio, by persons who then and there did not possess the qualification of legal voters at said election by reason of being minors, idiots, imbeciles, insane and unparoled persons serving a sentence in the penitentiary and other penal institutions of Ohio under conviction of felony, committed in said Ohio, and persons who were non-residents in the said township and precincts at which they voted at the time they so cast their said ballots.

SECOND: In each and every of the following townships and precincts in said Pike County, Ohio, to-wit: (Here appears the list of townships and precincts listed above) there were cast and counted and declared as aforesaid in favor of said Dan J. Wilson for the office of Coroner of Pike County, Ohio, to-wit, fifty illegal votes in each of said townships and precincts by persons who were then and there bribed and coerced into voting for said Dan J. Wilson for said office.

THIRD: In each and every of the following townships and precincts in said Pike County, Ohio, to-wit: (Here appears the list of townships and precincts listed above) there were cast and counted and declared as aforesaid in favor of the said Dan J. Wilson, for the office of Coroner of Pike County, Ohio, to-wit: fifty illegal votes in each of said townships and precincts by persons who unlawfully and fraudulently obtained and voted absent voters' ballots by false and fraudulently representing that they would be unavoidably absent from their home precinct on the day of said election, when in truth and in fact such persons were on the day of said election not unavoidably absent from their home precinct and had no reason on

the day of said election to believe, and as a matter of fact did not believe that they would be unavoidably absent from their home precinct on the day of said election.

FOURTH: Because there were in each and every of the following townships and precincts of Pike County, Ohio, to-wit: (Here appears the list of townships and precincts listed above) a large number of electors, to-wit: ten electors entitled to vote at said election in each of said townships and precincts and who would have voted at said election and have cast their ballots against the said Dan J. Wilson and for John W. Byron for the office of Coroner of Pike County, Ohio, and they have been prevented from casting their ballots, but who were refused the privilege to vote and who were bribed to refrain from voting and who were intimidated by threats and coercion from voting at said election.

FIFTH: Because in each and every of the following townships and precincts in said Pike County, Ohio, to-wit: (Here appears the list of townships and precincts listed above) there were voted that were cast at said election for said John W. Byron for said office of Coroner of Pike County, Ohio, that were counted and tallied and declared for the said Dan J. Wilson for said office and not for the said John W. Byron.

SIXTH: Because the said Dan J. Wilson was credited in each of said

townships and precincts by persons who unlawfully and fraudulently obtained and voted absent voters' ballots by false and fraudulently representing that they would be unavoidably absent from their home precinct on the day of said election, when in truth and in fact such persons were on the day of said election not unavoidably absent from their home precinct and had no reason on

the day of said election to believe, and as a matter of fact did not believe that they would be unavoidably absent from their home precinct on the day of said election.

SEVENTH: Because the said John W. Byron was not credited with all the votes cast for him at said election for the office of Coroner of Pike County, Ohio.

EIGHTH: Because in each and every of the following precincts John W. Byron was not credited with all precincts in said Pike County, Ohio, to-wit: (Here appears the list of townships and precincts listed above) the said Dan J. Wilson by himself and through others with whom he conspired illegally and unlawfully procured fifty persons in each of said townships and precincts, who would not be unavoidably and as a matter of fact, were not unavoidably absent from their home precinct on said day of said election to falsely and fraudulently state and represent to the Clerk of the Board of Deputy State Supervisors of Elections in and for Pike County, Ohio, that they would on said day of said election be unavoidably absent from their home precinct, by said parties by said Dan J. Wilson and those with whom he conspired so to do, such persons unlawfully and fraudulently procured and voted absent voters' ballots for the said Dan J. Wilson on said day of said election for the office of Coroner of Pike County, Ohio.

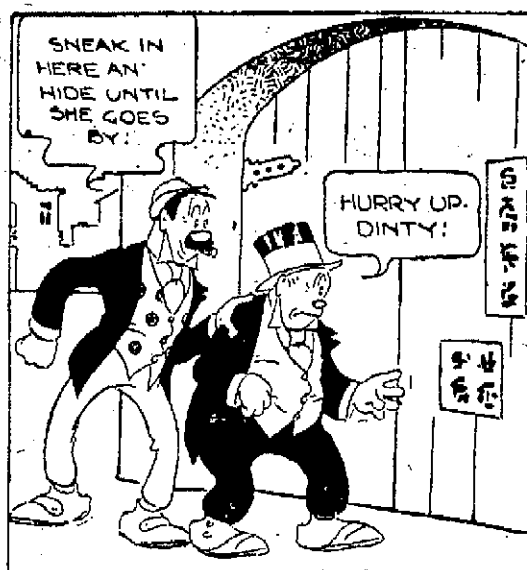

When in truth and in fact such persons were not unavoidably absent from their home precinct and had no reason on said day or at any time within thirty days next prior thereto to believe, and as a matter of fact did not believe that they would be unavoidably absent from their home precinct on the day of said election.

NINTH: Because the said John W. Byron was legally elected by a plurality of the legal votes cast at said election to said office of Coroner of Pike County, Ohio, and the said Dan J. Wilson was not so elected on said election to said office.

TENTH: Because the said Dan J. Wilson at and prior to the said day of said election in each and every of the following townships and precincts in said Pike County, Ohio, to-wit: (Here appears the list of townships and precincts listed above) did by himself and through and in connection with other persons with whom he conspired, whose names to the undersigned contestants are unknown, pay, lend, contribute, offer and promise to pay, lend, contribute and offer money and other valuable considerations, the exact nature, amount and extent of which to the undersigned contestants are unknown, to unlawfully, falsely, and fraudulently obtain and vote absent voters' ballots, who were not then entitled to either obtain or vote such ballots at said election.

To Declare War On Baseball Pools

LOUISVILLE, KY., Dec. 7.—(A. P.)—A fight to exterminate the baseball pools to save the game from suspicion was pledged. Commissioner Landis by Major and Minor leaguers today as a result of the commissioner's appeal last night to wipe out what he termed the greatest menace to the sport. The commissioner, with characteristic severity called the operator of a baseball pool "the slimiest, lowest form of criminal in existence" and declared he would accept no excuse from any club official for not making a fight to stop pool operations.

What Stores of Things to Convey That Christmas Sentiment

Here and there and everywhere all through the store Old Santa Claus has grabbed hold of departments and turned things topsy-turvy and from the staid, customary, dignified House of Anderson has been wrought just the jolliest, liveliest, most Christmassy abode for all things good enough to bear tidings of good cheer from one heart to another. Up and down every aisle and on every floor you are confronted with countless articles that seem only too anxious to be your messenger of joy. They will serve you faithfully; they will say in words unspoken the thoughts that you yourself cannot say; they will carry your heart whithersoever you say and express such sentiments as you desire. What say you? Are you ready to be exposed to the Christmas spirit? If not—better stay away from Andersons' for this is surely a Christmas Store.

When Old Santa Turns The World Upside Down

Then indeed does the spirit of unselfishness take possession of hearts everywhere and the pageant entitled "Not for ourselves but for others" is staged in millions of homes from the humblest to the richest. Then too is life the sweetest and joyousness reigns supreme. And all because the spirit of Santa Claus makes us remember our friends. And in remembering them we get back to the age old truth that it is more blessed to give than to receive. Our aim as a store is to supply the material things needed to convey your feelings of friendliness and remembrance and in doing this we have a far greater interest than merely that of barter. This is truly a Christmas Store. All our merchandise takes on a different atmosphere and silk, for instance, is not merely silk, for we see it tied with ribbons, in fancy box, under the Christmas tree and bearing a card "To the dearest Mother in the world—from one who in childhood caused you much trouble and sorrow, but who loves you—John." And so it goes. Everything here is tinged, even to our eyes, long accustomed to view goods as goods.

So come to the Christmas Store—Andersons', and let the Christmas Spirit imbue you as it has us.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acids is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a tea-powder of Bisulphate of Magnesia, a gentle and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as Bisulphate of Magnesia which can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphate of Magnesia, which is especially prepared for the above purpose.—Advertisement.

HAS HE FOUND A CURE FOR ASTHMA?

Simple Prescription Gives Instant Relief, Makes Breathing Easy

In New England, where Bronchitis, Asthma, and other diseases of the throat and lungs are so prevalent, remarkably successful results are being reported following the use of a new form of treatment known as Oxblaze, a physician's prescription.

Oxblaze is a harmless but powerful combination of leading essential oil-concentrated and compressed into a small tablet. One of these tablets slowly dissolved before going to bed seems to have the effect of relaxing the muscular constriction of the bronchial tubes, opening up the air passages and restoring steady, lung function. This enables the patient to breathe easily and naturally while he sleeps and to get a comfortable, untroubled sleep.

No other interest has been shown that local druggists, including Messrs. Brook, Fisher & Strong, have secured a small supply and state that they are authorized to return the money paid for the first package if in any case this new treatment fails to give relief. Oxblaze is pleasant to take, and has no harmful habit-forming effect, and is not expensive. This makes their test an easy matter.—Advertisement.

GAS ON STOMACH WON'T LET YOU SLEEP

Gas often presses on heart and other organs, causing a restless, nervous feeling which prevents sleep, sends back to back, yawning, etc., as mixed in. Acidities, excesses, gas, and relieve the same almost INSTANTLY. Oxblaze relieves sleep. Oxblaze often removes surprising acid matter from the stomach and lower bowels which causes gas, indigestion, and causes gas. EXCELLENT to guard against acidities. Advertisement.

BAESMAN'S SELECTS OPEN THE FLOOR SEASON BY TRIMMING IRONTON QUINTET, 42 TO 18

Ironontonians Never Had Look In With Champion Selects

A good start in the 1923 season was made by Baesman's Selects last night when they played Irononton's best aggregation of basketball stars sailing under the name of Irononton. The team played in old-time form never gave the Irononton a look in on victory, the Baesman crowd saving twice as many points as the Irononton team at the close of the first half.

The Selects of this city had given their attention to defensive work throughout the first half and saved their scoring machine until the last half. When the machine was started Irononton could only make a feeble attempt to halt it. In the last half Baesman's crew scored 24 points while the Irononton lads repeated their score of the first half, giving them a total of 18 points.

Doll, Baesman and Edwards were the point getters for Portsmouth, all making nine field goals. Krell, who played center for Irononton, did not have a chance to shine with Baesman as his opponent. The local guards, Barber, Baugher and Krell, played a close and fast game, keeping the Irononton forwards well under cover.

The game was played in the new high school gym and as both teams were unaccustomed to the floor it was several minutes before the basket

tossers could get the proper range. Doll started the scoring with a long distance shot that brought cheers from the big crowd. The game was witnessed by a large number of court fans, quite a few from Portsmouth making the trip by automobile. Baesman made an overhead shot during the game that brought the crowd to its feet. The fans were not partial and gave the local lads a big hand for their splendid work on the floor. The Baesman Selects at one time in the game got the ball and kept passing it back and forth to the team members, only thus keeping it out of the hands of the Irononton for several minutes.

Coch Harry Wagner and a number of the Junior Selects made the trip, the Juniors working out on the floor before the game and between halves. Juniors and subs on the first team who made the trip were Sandler, Gordley, Morris, Lavinder, Powell and Levitch.

The lineup: Portsmouth—Edwards, rf; Doll, lf; Baesman, c; Barber, lg; Baugher, rg; Irononton—Schachtel, rf; Wagner, lf; Krell, cg; Moreland, lg; Gallagher, rg.

Kendall played at guard for Portsmouth in the last half and Irononton used Dufure as opposition. Referee—Newton. Umpire—Frecka.

Basketball Facts Worth Knowing

Rule Interpretations

Q. What is the penalty if I foul an opponent who is in the act of shooting for a basket?

A. In amateur rules, your opponents receive two foul throws, in professional rules, one.

Q. Is a player, while shooting a free throw, allowed to lift his heels from the floor?

A. Yes, providing he does not touch or cross the free-throw line until the ball has touched the basket, backboard or missed the basket.

Q. How many steps may be taken when dribbling?

A. At the start of a dribble or when making a pass or throwing for a goal, a player may step in any direction with one foot, provided the other foot remains in position on the floor. After this step he must dispose

of the ball before one or both feet again touch the floor.

Q. Do the players have the right to dispute the referee's or umpire's decisions?

A. The captain may address any official on matters of interpretation or to obtain essential information when necessary. If he does so in a courteous manner, no other player is allowed to address an official regarding a decision.

Q. Why are players numbered?

A. In amateur rules this is compulsory, so they may be identified by the scorers when they commit personal fouls. The practice has been followed by professional teams so spectators may know the players.

Q. How to Play Basketball

Underhand (two-handed pass). This is a very beautiful pass to make.

The ball is held in both hands, palms facing each other, fingers spread pointing toward the floor, thumbs to the front. The arms are started in the direction in which the pass is to be made, just as the ball is to leave the hands, a snap of the wrist and hands is given.

Overhead (two-handed pass). This pass enables a team of tall players to take advantage of their height and pass the ball over the heads of their shorter opponents. This pass, to be made accurately, must be made from directly over the head or a little to the front. When the ball is brought too far back it becomes difficult to control. Palms of both hands facing each other, fingers spread, thumbs to the rear, the arms are started forward and the snap of the wrists and hands are the same in the underhand pass.

Yale Has Great Promise For 1923

BY HENRY L. FARRELL (United Press Sports Editor)

NEW YORK, Dec. 7.—(United Press)—Gloom! that settled over many a big campus when the final curtain dropped on the 1922 football season is being tempered with that old never to die hope—"We'll do better next year."

Many fine prospects, sown like seeds this time last fall, blossomed a year later, only to wither and die in disappointment. Yale is the best example of that established legend of football—"You never can tell."

Material left at Yale after the close of the 1922 season looked like the makings of one of the greatest teams ever turned out at New Haven and a prospective champion of the east.

Instead of living up to promise, the Yale eleven of 1922 turned out to be one of the most disappointing representatives of the Ivy League.

Perhaps there was too much good material. If that is the case, Yale must take heed lest the same thing happens next year.

Only three regulars of the 1922 varsity squad will be lost by graduation—Jordan, Cross and Cruikshank.

Figuring on the basis that one real star is enough for any backfield, Yale has enough star backs available for about nine teams.

Neidlinger, O'Hearn, Mallory, Beckett, Beach, Neale, Kelly, Wight

and Scott will all be eligible for the next team.

The gods could ask for nothing more.

Harvard retains fourteen varsity players but the Crimson loses heavily by the graduation of Charlie Buell and George Owens.

Under a system which places the utmost importance upon the quarterback, the Harvard coaches will have a job to find a general for the team to measure up to the great Buell, Lee and Spaulding are the two candidates and they both had some experience the last season.

Backs of the ability of George Owen spring up in eyes of about five years. Dr. Billy Bull, one of the Yale coaches and scouts, ranked Owen as one of the greatest backs of all times. He said no player he had ever seen could do everything as well as Owen.

Pitts, Chaplin, Clark, Kuhnharst, Hubbard and Connor will also be lost for the next year, so the Crimson prospects for 1923 are not over bright.

Harvard may be comforted, however, by many examples to prove that gloomy prospects are more to be desired than conditions which make it possible for players and students to find that they can't be beaten "next year."

Princeton is a good illustration of the undependability of over-confidence.

Western Conference Eleven Would Rank With Best In The Country

HERE are the football stars of the "Big Ten" who received the most votes from the 50 sport editors who selected first and second teams from the middle west colleges.

The end positions were closely contested. Kirk of Michigan received 29 votes for the first team. Goebel of Michigan ranked second, Tebbel of Wisconsin's third, and Kadesky fourth. It would be hard to find four better ends in any section of the country.

Penfield of Northwestern was first choice among the tackles with 31 of the experts placing him on their first team. Below of Wisconsin ranked second.

McMillen of Illinois was selected by 42 of the 50 scribes as a guard. Munnick of Iowa was second choice.

Ans of Minnesota and Heldt of Iowa ran a close race for the center honors, Ans winning out 19 to 17.

Most of the "Big Ten" eleven had high-class backfields. This made it a rather difficult matter to make a selection.

Locke of Iowa, Kipke of Michigan, Williams of Wisconsin, and J. Thomas of Chicago comprised the backfield choice. Locke was picked at quarterback by most of the experts. Although fullback is his regular position, He played a great game at quarter for Iowa while Parkin was on the injured list.

Kipke polled the highest vote for the halfbacks. Williams was next, hard pressed by Martineau, the Minnesota flash.

Billy Evans Says

EIGHT major league clubs have already selected Florida as a spring training camp. Others may follow suit.

It would seem that the eight clubs who have already decided on Florida had made a very wise move. There are many number of benefits to be obtained due to so many clubs training in the same state.

The climate is certain to suit even the most exacting club owner. I have never seen bad weather in Florida in the early spring. True, every now and then you will bump into a few bad days, but on the whole the weather is always ideal for spring training for the major league clubs.

Then there is the financial inducement. With eight clubs camped in neighboring towns, it will be a very easy matter to arrange a great number of exhibition games. The natives and the tourists will welcome the chance to see major league games, far removed from the big league circuit.

Perhaps of even greater value to the major league club owners and managers will be the opportunity to get a real line on their talent, the recruits in particular.

It is a certainty that most of the pitching in these exhibition games will be done by the "fronkies." It is more difficult to get a line on the recruit pitchers than on any of the other newcomers. Big leaguers like their base hits as well in the spring

as missummer, even though they do not figure in their batting averages.

The National League veterans will show no mercy to the American League youngsters. The same goes for the regulars in the American League ranks. Thus these exhibition games are certain to be real contests in which the young pitchers will be tested to the limit.

These inter-league affairs are sure to bring out every fault of the recruit pitchers. These faults probably would not have been brought to the surface in exhibition games against minor league clubs. It will also give the managers a chance to correct any number of these evils before the season opens.

WELCOME, WINTER!

WHEN winter comes bears crawl into their holes, poets buy oil stoves, and farmers begin to do odd jobs of repairing which were neglected during the harvest season. Jack Frost, the chilly stranger of early fall, becomes a daily visitor and sometimes prolongs his calls for several days.

Screens disappear, porches are stripped of furniture, hot houses are closed, and automobiles are draped with black curtains. Flowers and shimmering frocks are gone. Reds and blacks predominate on the streets and in store windows. Humanity skips about in storm collar, heavy clothes and high shoes, laughing still.

Winter, like summer, is what the individual makes it. Most frequently it is pictured as decay, old age, or death; but it is much prettier in a snow-white coat, decorated with a bobbed full of healthy, happy youngsters, crowned with bright colored caps. The biting wind means little to these children. So long as the body is warm, the cold air is healthful, invigorating, like a plunge in an icy bath on the hottest day in the year.

Some of the more prosperous folks follow the birds to the south to escape the chill and bask lazily in tropic sun until the north is warm again. They never know the delightful sensation of burning ears and warm red cheeks, the quickened blood shot from the human furnace through every tingling fibre of the body.

Welcome, Winter! But don't stay too long!

RUSSIA'S NEW "CZAR"

RUSSIA has a czar now. He is Nicholas III, and until his election in Paris the other day, was just plain. Grand Duke Nick. To be sure, he hasn't mounted the throne yet, and the Orloff diamond still is in the hands of the bolsheviks, together with sundry other possessions of the crown of the Romanoffs. In solemn conclave, the supreme council of Russians chose him, although he is not next in succession. How such a bourgeois method of choosing a czar must affect the shades of all the former rulers, from Peter the Great to Nicholas the Littlest.

The entry of the new czar into Petrograd has been indefinitely postponed. Nick isn't afraid of those old bolsheviks. It is just that he wants to preserve his health. The dispatches which tell of the czar's election casually mention that it has been decided to move him from Berlin to Paris. Monarchs, even play monarchs, are no longer popular in Berlin. In Paris there are always several Bourbons running around loose, and there is even an Emperor Napoleon there, too.

So Czar Nick will have plenty of royal company. But keep away from Russia, Nicky. The climate there will not agree with you.

New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, Dec. 7.—"Dandy Ike" Chadwick was found pistolled through the head in one of the queer runways of Harlem's Little Italy, the other day. His diamond horse shoe tie-pin and sheaf of bills in his purse were untouched. Proof that he was a victim of a vendetta.

He was one of the odd characters that a city within a city produces. He never worked except in his early days when he was a bootblack, yet he was always supplied with money. He was handsome, debonaire and had a way with women.

In his world he was known as a square shooter and game to the core. Once in a variety hall, lobby a desperate gunman, quick on the draw, showed a gun in "Dandy Ike's" face. There was a moment of suspense in which each eyed the other. "Dandy Ike" spat in the desperado's face, turned and walked coolly away.

"Afraid of him?" he said afterward. "Why the dirty coward's lip was trembling. I knew he wouldn't shoot." Chadwick was born in Sicily. He was a patron of the opera and was often seen in the front rows. His clothes came from the most expensive tailor on the avenue and his top hats from London. "Diamond Jim" Brady once called him the best dressed man in New York.

Cultured, he cast his lot among the underworld dregs of Little Italy. The aura of mystery about him made him a figure wherever he went. They tell of him being a player in a game of chemin-de-fer in a downtown hotel. The stakes were high and he was winning. A theatrical producer appeared at another table.

"Dandy Ike" cashed in and quit. "I wouldn't play in the same room with him," he said, indicating the theatrical producer. "He once cheated a chorus girl out of week's salary." As a rule these strange figures that stand out in the complex of a city are poseurs. They crave the spotlight and affect a studied nonchalance. Broadway is filled with them. But "Dandy Ike" stood apart. He would never be interviewed by newspapers, nor was his picture ever published.

There is a blithe little dancer who floats like thisle-down through a reigning musical comedy. She has the naive charm of a dove, a baby stare and pursing red lips—indeed the picture of innocence. But she has her wild moments. In a supper club recently she consumed too much wine and when her escort remonstrated she fitted a champagne bottle to his head. They brought him to in an ante-room.

"I'm convinced," were his first words, "that somebody has taught that child a lot of things besides dancing."

"The Insect Comedy" is the latest bid for theatrical favor. It is a fantastic Czech-Slovakian thing and the actors take the part of insects—the beetle, ant and the like. It is hoped

The Hurrying Hours

How often the thought comes home to me,
As the moments hurry away.
Of the many things I intend to do,
Somehow, some time, some day.
There are promises that have not been kept,
Though I always meant to be true.
But time is too short for all the things
That a body intends to do.

I will answer a letter, or read a book,
I will write a bit of rhyme,
I will do the things that I ought to do,
Some day, when I have time.
So I look beyond as I hope and plan,
For the days that are just ahead,
While the day that is here goes into
The grave
With its opportunities dead.

Today is the only day we have.
Of tomorrow we cannot be sure:
To seize the chance as it comes along.

Is the way to make it secure.
For every year is a shorter year,
And this is a truth sublime:
A moment mispent is a jewel lost,
From the treasury of time.

Three Words A Day

SYNCHRONIZE

Verb; pronounced sing-kro-nize; accent on first syllable. To make agree at the same time or instant; to make agree in time of occurrence. The great difficulty in producing talking motion pictures is to perfectly synchronize the two machines.

INDIVIDUALITY

Noun; pronounced in-di-vid-u-al-ty; accent on fifth syllable. The particular or distinctive character of an individual; that quality which distinguishes one person or thing from another. Example: He is a man of marked individuality; just different from the ordinary run of men.

FINALITY

Noun; pronounced fi-nal-i-ty; accent on first syllable. An absolute state of being settled or arranged; completion. Example: The finality of the whole matter was reached only after much bitter argument. (L. G. Reynolds Service.)

"Nae, nae, no putting money in," answered Sandy.
"Well, it canna be that ye are taking any out," said MacGregor.
"Nae, nae. I was just in the place filling a fountain pen," answered Sandy.

"I can't think what's the matter," he complained. "Maybe it needs cleaning."
"Oh, no daddy," objected four-year-old Henry. "Cause baby and I had it in the bathroom washing it all day yesterday."
